AWARD

By order No. 6/29/65-LRII dated 29th March 1965 the Government of India, referred for adjudication an industrial dispute between the employers in relation to the Toposi Colliery, Dt. Burdwan, and their workmen in respect of the matter mentioned in the following schedule:

“Whether the action of the management of Toposi Colliery in dismissing Sarvashri Raju Mahato and Debi Show, Pick Miners, with effect from 27th November, 1964, was justified? If not, to what relief are the workmen entitled?”

2. Raju Mahato mentioned in the above schedule has been described as Raju Mahato No. 2 in the papers of the company; there is another Raju Mahato known as Raju Mahato No. 1, also a pick miner, who is concerned in Reference Case No. 47 of 1966. According to the case of the management, Shri S. K. Roy, Mining Sirdar and Shri S. M. Hazra, Overman, who were on duty during the first shift of 4th October 1964, noticed that Raju Mahato No. 2 and Debi Show were cutting floor coal towards the end of their shift near the junction of the 12th level and 21 dip. Accordingly, a chargesheet dt. 6th October 1964 was served on each of them and they received the chargesheet on 8th October 1964. On 9th October 1964, these pick miners submitted their replies to the charge-sheet, denying that they were cutting floor coal and denying also that they were working near the junction of 12th level and 21 dip. The management was not satisfied with the denial and fixed 21st October 1964 for enquiry. The manager appointed D. Dey, Assistant Manager and D. N. Kar, Labour Welfare Officer to hold the enquiry. On 21st October 1964 however the enquiry could not be held as Raju Mahato No. 2 was ill and he submitted an application on the same day to that effect. The enquiry was therefore adjourned, the date for enquiry in the case of Raju Mahato No. 2 being fixed as 9th November 1964 and that in the case of Debi Show as 11st November 1964. On these dates the enquiries were held. The enquiring officers submitted their report on 18th November 1964 to the manager stating that the charge was proved against each of the two pickminers and recommending dismissal in each case. This report with the papers of the two enquiries were submitted to the Manager who sent the same with his comments to the Director-in-charge, Bibhuti Bhusan Pal who was the nominated owner of Toposi colliery under a resolution of the Board of Directors of which a copy is Exhibit F. The Director in-charge approved of the orders of dismissal and thereupon orders of dismissal was issued under the signature of the manager on 27th November 1964, the dismissals taking effect from the same date.

3. The case of these two pickminers was taken up by the Colliery Mazdoor Sabha, a union having a unit at Toposi colliery. Robin Chatterjee, Vice-President of the Colliery Mazdoor Sabha, sent the first complaint to the Conciliation Officer, Central Raniganj on 1st December, 1964, vide Ext. 15. The Conciliation Officer held certain sittings with the representatives of both parties, but he was unable to effect any settlement between the parties and accordingly submitted a failure report in due course.

4. The case of the union is that Raju Mahato No. 2 and Debi Show were leading members of the union and that they used to make representations about the grievances of pickminers both to the manager of the colliery and to the Labour Commissioner or other officers of the Government. Ext. 18 is one memorial submitted by Raju Mahato No. 2, Debi Show and several other workmen of

Toposi colliery on 11th May, 1964, to the Regional Labour Commissioner, Dhanbad, about the difficulties of pickminers at No. 8 pit of Toposi colliery. The memorial states that the coal seam at No. 8 pit is mixed with big or small pieces of black stone which cannot be detected unless special effort is made but that the management has not given any worker to separate the stone chips from the coal but, on the other hand, was deducting wages of the pickminers proportionately for the stone chips found in the tubs of coal mined by them. Ext. 19 dated 17th September, 1964 is another memorial addressed to the Conciliation Officer (C), Raniganj, signed by both the pickminers of this case and by several other pickminers, relating to non supply of picks to the pickminers by the management of Toposi colliery. The two workers further complained against the Overman and Mining Sirdar in writing on 1st October, 1964 for late supply of empty tubs for loading the coal cut by them which resulted in their being underground for longer than their usual shift of 8 hours and that they were not being given lead payment (extra payment for having to load coal in tubs placed more than 50' away from the place where the coal is cut) and measurement slips after completion of their work. But the management denied the allegations and threatened the workmen for making such allegations. The union's case is that because of such specific and general complaints by the two pickminers, the management wanted to get rid of them and had, therefore, made false allegations against them; and that the enquiries held on 9th November, 1964 and 11th November, 1964 against the two workmen, were not *bona fide* enquiries and statements of witnesses and the accused were not properly recorded.

5. Shri D. N. Kar, Labour Welfare Officer, who was one of the two officers who held the domestic enquiry, deposed as witness No. 1 for the management and he stated that the enquiry was properly conducted; that the depositions were recorded in his presence by a clerk in Bengali script and that the depositions were read and explained where necessary, and that Raju Mahato and Debi Show were given the opportunity in their respective enquiries to cross examine the witnesses for the management; and that Debi Show actually cross examined one or two witnesses. The records consisting of the depositions and the report of the enquiring officers have been marked Ext. D and D1.

6. Shri Parimal Das Gupta on behalf of the union has pointed out certain defects in the records of the depositions. The enquiry against Raju Mahato No. 2 was held according to the evidence on 9th November 1964, but the endorsement below the record of the statement of Abdul Gafur, that the deposition was read and explained, bears the date 11th November, 1964, which was the date for the domestic enquiry against Debi Show. Shri D. N. Kar in his deposition before the Tribunal explained that a mistake was made in recording the date in the endorsement below Abdul Gafur's statement. But if the statement was really taken on 9th November, 1964 when other witnesses in the enquiry against Raju Mahato No. 2 were examined, there is no reason why such a mistake should have occurred. In this connection, it is relevant to mention that Raju Mahato No. 2, who is witness No. 2 for the workmen, asserted that Abdul Gafur was not one of the pickminers working in his shift, and that Abdul Gafur was not present when Rai Babu and Hazra Babu first questioned him about cutting of floor coal, and that further Abdul Gafur was not present at the time when the enquiry was held against him. The report of the enquiry against Raju Mahato No. 2 shows that the enquiring officer placed considerable importance on the evidence of Abdul Gafur as an eye witness. If his evidence was not taken properly in the presence of Raju Mahato No. 2, the enquiry against Raju Mahato cannot be held to have been regularly conducted and the report loses practically all its value.

7. On important eye witness in the enquiry against Debi Show was a pickminer named Ali Jan. Though there is no such discrepancy in his case as to the date when the deposition was taken, there is evidence of Debi Show who deposed as witness No. 3 for the workmen that Alijan was not working in his shift and that at the time of the enquiry before the Labour Officer and another person he did not see Alijan.

8. As regards the case of the union that altogether a false charge was made against the two workmen in order to get rid of them, that contention cannot be accepted, because from the evidence of Raju Mahato No. 2 and Debi Show it is clear that the proceedings were started in good faith. Thus Raju Mahato No. 2 stated in his evidence that when at the end of his shift, at about 8 a.m. on 4th October, 1964, he was returning, he met Rai Babu to the east of the 12th level; and Rai Babu pointed out a place where coal had been cut from the floor and asked him if he had cut the coal; and he denied having cut the coal from the floor; that going up he heard Hazra Babu who had come up after Rai Babu

complaining to the Assistant Manager; and the Assistant Manager also asked him whether he had cut the floor coal and he again denied having done so, but the Assistant Manager told him that he would get a chargesheet. The evidence of Debi Show, witness No. 3 in this case, is similar. He stated that at about 8 O'clock after having finished the work of the shift he and Raju Mahato No. 2 were sitting at a place when Rai Babu came and accused them of having cut coal from the floor, but both he and Raju Mahato No. 2 denied having done so; that they met Hazra Babu a little further up and the Assistant Manager was with Hazra Babu and the Assistant Manager questioned them and they both denied having cut coal from the floor.

9. It is clear therefore that the chargesheets which followed this incident were drawn up in good faith, but the point is whether the enquiry was conducted fairly. If the evidence of an eye witness was recorded in the absence of the workmen proceeded against or if a witness was not there at all at the time of the incident or at the time of the enquiry but still his deposition appears in the enquiry report, it cannot be said that the enquiry was a fair one.

10. In this connection, the background must also be considered. It has already been mentioned that both these workmen signed memorials complaining about certain grievances namely, Ext. 18 dated 11th May 1964, where the difficulties of pickminers at No. 8 pit in respect of the coal seam being mixed up with big or small pieces of black stone were mentioned; and Ext. 19 dated 17th September 1964 where complaint was made about non supply of picks to the pickminers by the management of Toposi colliery. Further, there were specific complaints. Ext. 9 is a letter by Debi Show on 1st October 1964 addressed to the manager wherein he complained about late supply of tubs and non receipt of measurement slips and payment for lead and empty pushing; to this complaint a rather stern reply was given by the management namely, the Ext. 10 dated 5th September 1964, that no action could be taken as the allegations were vague, and that if the workman failed to substantiate his complain by mentioning relevant names and dates it would be presumed that he had made a false complaint. Ext. 16 is a letter from Raju Mahato No. 2 to the Manager dated 21st September 1964, wherein he complained against Mining Sirdar Sadhan Babu by name and against another Munshi, who were not issuing measurement slips with lead and empty pushing mentioned therein. Thus, the management had reason to be displeased with both these workmen, and in the circumstances it is necessary to be certain that the domestic enquiries were fairly conducted. Apart from the defect point out, there is another defect, namely, that the evidence of the Asstt. Manager to whom complaint was made then and there about cutting of floor coal by the two workmen does not appear in the records, Ext. D and D1. Shri S. S. Mukherjee for the management has explained that the records were first taken out for translating them (translations of the records being filed as enclosure to the written statement of the employers), and then the records were sent to the Dhanbad Tribunal, from where again the records have come to this Tribunal in Calcutta; he has urged that in the circumstances it is not surprising that one or two documents should be misplaced. I do not however think that the explanation for non-inclusion of the Assistant Manager's deposition in the original record is quite satisfactory. It is true that a copy of the statement supposed to be that of Shri K. Dey, Assistant Manager, appears among the enclosures to the written statement as part of the proceedings against Raju Mahato No. 2. But it is not safe to depend on this copy because the correctness thereof cannot be accepted as a matter of course. In the translation of Abdul Gafur's deposition which is included among the enclosure to the written statement, the date of the endorsement is shown as 9th November 1964, though in the original the date clearly is 11th November 1964. This is one reason for not accepting the copies as quite correct.

11. Further, the manager P. R. Ghose, who deposed as witness No. 2 for the management before the Tribunal, stated that he received the records of the domestic enquiries before forwarding the same to the Managing Director. He said that as far as he remembered the depositions, except, for the deposition of the Assistant Manager, were in the form of questions and answers, and one part of the proceedings was in English. He was shown the two original records, Ext. D and D1; he said even after examining these records, that in the proceedings which he received as far as he remembered there was one statement in English. Ext. D and D1 do not contain any deposition in English. Shri Mukherjee has explained that the Statement of the Assistant Manager Shri K. Dey might have been recorded in English. That of course cannot be ascertained because the original deposition of Shri K. Dey is missing.

The depositions of other witnesses in the records, Ext. D and D1, are not in the form of questions and answers but in a narrative form, except that in the record Ext. D1 relating to Debi Show, the cross examination of Shri S. M. Hazra by Debi Show (the only record of cross examination of a witness) is recorded in the form of questions and answers.

12. Finally I should point out that in respect of the enquiry against Debi Show, though the enquiry officers stated in their enquiry report at first that on behalf of the management 3 witnesses were examined, namely S. K. Roy, Mining Sirdar, Alijan Mia, Coal Cutter and S. M. Hazra, Overman, the officers proceeded to consider thereafter the statement made not only by these witnesses but also by Shri K. Dey, Assistant Manager. The copy of the record relating to Debi Show enclosed with the written statement of the management does not show that Shri K. Dey was examined as witness in the proceedings against Debi Show.

13. In view of the defects mentioned, I cannot hold that the enquiries were conducted fairly and in accordance with the principles of natural justice and therefore the order of dismissal passed on the result of such enquiry cannot be upheld.

14. I may mention briefly that Shri P. Das Gupta also raised the point that the manager was not competent to issue chargesheets and that no approval was in fact obtained to the order of dismissal from a proper authority. I do not however consider that there is any substance in these contentions. The manager is the executive and administrative head of the colliery, and it is for him to maintain discipline in the colliery in accordance with the Standing Orders. It is natural that he should issue chargesheets in all cases of misconduct, and in fact in every colliery it is the manager who does so. As regards the approval to the order of dismissal, this was given by Shri Bibhuti Bhusan Pal who was appointed as the nominated owner by a resolution adopted by the Board of Directors of the company which owns the colliery. Ext. F is a certified copy of that resolution. Shri Das Gupta has urged that Bibhuti Bhusan Pal was not one of the owners or at least one of the major owners of the colliery. Even if that is so, still as the nominated owner he was the agent for all the owners, and approval given by an agent is legal in accordance with Standing Orders.

15. But in view of my finding that the enquiries were not in accordance with the principles of natural justice, I must find that the dismissal of the two workmen, Raju Mahato No. 2 and Debi Show was not justified. I direct therefore that they be reinstated within 15 days of the publication of the award in this case and they should be paid half of their total remuneration from the date of their dismissal to the date when they are permitted to rejoin.

Parties will bear their own costs.
